To all RHS parents and students:

Did you know that you can take and upload photos that may be selected to be published in the RHS yearbook! We would love to see your photos of 2017-2018 athletic or club events and candid photos of students just enjoying life at ROCORI. See the attached flier about how to download a free phone app, and how to upload photos directly to the website.

To parents of seniors:

Don't forget the yearbook senior portrait and baby ad deadlines! They are approaching fast! See the attached flier for all of the details.

New York City Trip 2019

Dear Parents of this year's 9th, 10th and 11th graders,

We are very excited to announce that we will be leading a group of ROCORI students and parents on an **educational tour** to

New York City on March 28-31, **2019**. Together, we will embark on a journey taking us outside the classroom walls, where learning comes alive and lifelong memories are created.

There is still time to enroll your student in this trip of a lifetime (parents, guardians, friends or relatives are welcome as well--and many have signed up). The travel company has offered to extend the \$300 discount through November 3rd, 2018.

Your student should have received informational materials in a homeroom during a previous week. If you would like a copy of these materials, please have your student see Ms. Woods in room B110.

The trip is all inclusive and is being planned by the student travel company, World Classrooms. It will be a four day trip (over a weekend to minimize time away from school). The price is \$1889, or \$119 per month using the payment schedule they offer. They are offering an amazing itinerary with first rate accommodations, experiences, travel and dining.

Please contact **Ms. Woods** at woods@rocori.k12.mn.us or **via your student** if you have any interest or need an informational handout.

Attention Juniors/Parents:

On November 14th RHS will be offering an opportunity for interested students to take the ASVAB test. The ASVAB is a multiple-aptitude battery that measures developed abilities and helps predict future academic and occupational success in the military. It is administered annually to more than one million military applicants, high school, and post-secondary students. It also offers a career exploration component that can be used by any student whether they are interested in the military or not. Please contact the guidance office if you would like more information or to sign up.

******Supplemental Parental Course********Drivers Education**

For parents/guardians of teens who are completing a **driver education** program.
