ROCORI SECONDARY SCHOOLS ALA CARTE OPT IN

We would like to take a couple minutes to go over with you the exciting new options your student will have in the lunch room. We have 4 lines for the students to go through with different meal options in each line. Line 1&2 offer Entrée 1, line 3 offers Entrée 2 and line 4 has our soup and salad bar line. The salad bar includes meat toppings, vegetables, cheese, eggs and nuts; or you can get a sub, soup and a salad without meat toppings. Line 4 is also where our Ala Carte options are available.

Ala Carte items are items that are not part of a regular lunch. So for example you could get a large milk, bottle of water, bag of chips or a cookie. If you would like your student to have Ala Carte charging privileges you will need to sign the form below. In order to charge to the lunch account there must be sufficient funds in the account to cover the charges of the item your student has chosen. If there are not sufficient funds your student will not be allowed to charge those items but they can pay cash for them.

We look forward to having your students with us and please let us know if you have any questions we can answer for you in regards to lunch or Ala Carte items!
